Dear Sir I write you in relation
to coins and stamps I have two
foreign stamps that came into my
possession a few years ago the person
who gave them to me said they
were valuable but did not say how
valuable. I do not feel like sending
them away to be valued as I might
not get them back. have two gold
dollars dates back in the 40's one
with the Louisiana mint mark have
other pieces that I have had 30 or
35 years ago. have also about 4000

cancelled U. S. postage stamps I
see quite a good many Dols for
cancelled stamps can you give me
the address of some reliable place
that handles them and some cheap
jewelry affair. as so many of the Dols
turn out to be. if you will advise
me I will consider it a great favor
as I would like very much to get
the value please let me hear from
you very soon

Yours Respectfully
Mr D Valen
